

## Sex Offender Registry

## Public Comments

11-Nov-16

**COMMENT SHEET**

Comment #:	Document:	Page #:	Line #:	Comment:	Response:
<i>Rosemary Webber, Lynn Bushey</i>					
1	Directive	2	34-35 &39-40	Combinde a) and d) because regardless if they are in the field or jail, they have to register if the court determines. If prior to July 2015, they would register using the old laws with the qualifying sex offenses.	This accounts for two separate situations defined by statute.
2	Directive	2	43	Combind f) and k) so that it reads: Any time an offender reports or is released from a facility regardless the reason.	This accounts for two separate situations defined by statute.
3	Directive			Section 3. Add if an offender changes address, employment, school or other information that is outlined in the Change of address form. This form has to be filled out and submitted to DPS (VCIC)	Have added language.
4	Directive			Both VCIC and DPS are referred to in this document, one should be used throughout. (section 3 is VCIC and section 4. is DPS)	The document is accurate per requirements under both statute and APA rule.
<i>Rae Hirst, Joey Holmes, Lisa Brooks, Joe Sampsell</i>					
1	Directive	General		we found it to be sufficiently general enough to allow for flexibility. The only suggestion we had was to make specific reference to the Sex Offender Registry Requirements Manual for specific direction.	This is not specifically referenced due to the policy development unit's publication/writing standards.
2	Directive	2	14-15	Replace "as well as" with "and" – ". . . to notify VCIC of the status of an offender, and to provide updates."	Changed.
3	Directive	2	25	insert "who" and delete comma – "If an offender who is in custody or under supervision . . ."	Changed.
4	Directive	2	29	Does this only apply to offenders in our custody? If so, then change to "If an offender in its custody is required to register, . . ."	Offender is in our custody.
5	Directive	2	34-41	Why switch from "Offenders" in the first two categories to "An offender" in the following three categories? It would be better to be consistent.	Changed.
